WHAT WE ASKED

We asked three AI assistants 32 questions a patient in Salt Lake might ask, in English and Bengali: “best dentist in Salt Lake”, “dental clinic open on Sunday near Sector V”, “child dentist Kolkata east”, and so on. Each answer was recorded on the same day. Answers vary between assistants and over time; this report shows what was said, not what is guaranteed.

Plain services page on the website	Yes	None
Recent reviews with details	Monthly	7 months ago
Mentions on local sites the assistants cite	3 or more	0

FIXES FOR MONTH 1

Remove the previous address from two directories; one name, address and phone everywhere.

Write a services page in plain words: 12 services, who they are for, what to expect.

Add structured data (LocalBusiness) to the website so machines read it correctly.

Get the clinic listed on three local sites the assistants cited for competitors.

Start the review routine.
